

Way of Locquirec or Moguériec

(Pays de Morlaix)

To walk on the **Way of Locquirec or Moguériec**, the Breton Association of Friends of Saint Jacques de Compostela publishes several types of information:

- a [guide of the Way of Loquirec or Mogueriec](#) (in French).
- [Route-sheets](#) describing the itinerary of each stage,
- lists of [accommodations](#) collected by department,
- zoomable interactive maps of the route of the stage,

The description of the heritage you will encounter on your way is only available on the guide.

For pilgrim who arrives by boat through ROSCOFF, the first route sheet describe the way from Roscoff to Saint Pol de Léon, The end of stage is in the route sheet Mogueriec - Saint Pol de Léon - Morlaix

This guide (in French only) describes the path from Loquirec or Mogueriec. This Way crosses département of Finistere and Morbihan, joins the other Breton tracks in Redon and continues until Clisson.

The guide describes the itinerary for each of the stages of the Way, provides the corresponding maps as well as information on the heritage of the regions crossed. At the end of the guide, you will find the list of recommended accommodations.

This guide is updated every year in March. changes made in the year are published in the route sheets.

With the agreement of the **Vendée Association of Pilgrims of Saint Jacques**, the guide integrates the description of the stages of the Vendéen road from Clisson to Saint Hilaire la Palud. Nevertheless for more information, including the list of accommodation in Vendée, we advise you to consult the site of our friends of the [Vendée association](#).

When you enter the Charente Maritime, check the websites of the [Association Saintaise of the Friends of Saint Jacques](#) in Charente-Maritime and [Association Le Bourdon 17](#).

The Route Sheets

Below you will find the **itineraries of the Way of Locquirec or Moguéric**. The information on **markup rules** is [HERE](#).

By clicking on the name of the step, you will display on your screen the description requested in a new tab. On this new page, using the button below the header image, on the right of the screen you can either:

- directly print the information displayed;
- download the page in PDF format. (in the "Downloads" directory of your computer).

To return to the starting page, just close the tab.

You can also consult on your screen the **map of the stage**, by clicking on the **triskel at the end of each line**. The map provided by the Openrunner site opens in a new tab. Then choose the format of the card - including IGN - which suits you after **clicking on the 3 diamonds** at the top right of the card. (For this operation, you will be asked to create an account at Openrunner).

Different services are offered to you including the export of the trace in GPS format. (at the bottom of the screen)
