

Way to Mont Saint Michel

To walk on the **Way to Mont Saint Michel**, the Breton Association of Friends of Saint Jacques de Compostela publishes several types of information:

- a [guide of the Way to Mont saint Michel](#) (in French).
- [Route-sheets](#) describing the itinerary of each stage,
- lists of [accommodations](#) collected by department,
- zoomable interactive maps of the route of the stage,

The description of the heritage you will encounter on your way is only available on the guide.

Guide of "Chemin du Mont Saint Michel"

The guide describes the way that, starting from Clisson, then crosses the Loire-Atlantique and Ille-et-Vilaine through Nantes and Rennes to Mont Saint Michel in Normandy.

The guide describes the route for each stage of Clisson Mont Saint-Michel and provides you with the corresponding maps. Finally, you will find the list of accommodations listed for each stage.

This guide is updated very regularly, following closely the changes made to the route sheets. When ordering, you will have an up-to-date guide with the latest changes.

Order the guide

The guide of the Way to Mont Saint Michelu is available, text, photos and color maps, hardback binding, at the online publisher Lulu.com (updated to september 2019).

Route Sheets

Below you will find the **itineraries of the Way of Locquirec or Moguériec**. The information on **markup rules** is [HERE](#).

By clicking on the name of the step, you will display on your screen the description requested in a new tab. On this new page, using the button below the header image, on the right of the screen you can either:

- directly print the information displayed;
- download the page in PDF format. (in the "Downloads" directory of your computer).

To return to the starting page, just close the tab.

You can also consult on your screen the **map of the stage**, by clicking on the **triskel at the end of each line**. The map provided by the Openrunner site opens in a new tab. Then choose the format of the card - including IGN - which suits you after **clicking on the 3 diamonds** at the top right of the card. (For this operation, you will be asked to create an account at Openrunner). Different services are offered to you including the export of the trace in GPS format. (at the bottom of the screen)
